ASSASSINATION ATTEMPT TO KING

Thank you for buying Intrigues for Unity! With this tool, you can now easily create AAA-Quality interactive stories for your projects. We're here to help you make your ideas come alive! If you have questions or need help, just email us at support@wlabsocks.com. Thanks for trusting our product. We can't wait to see the stories you'll make with Intrigues.

Getting Started

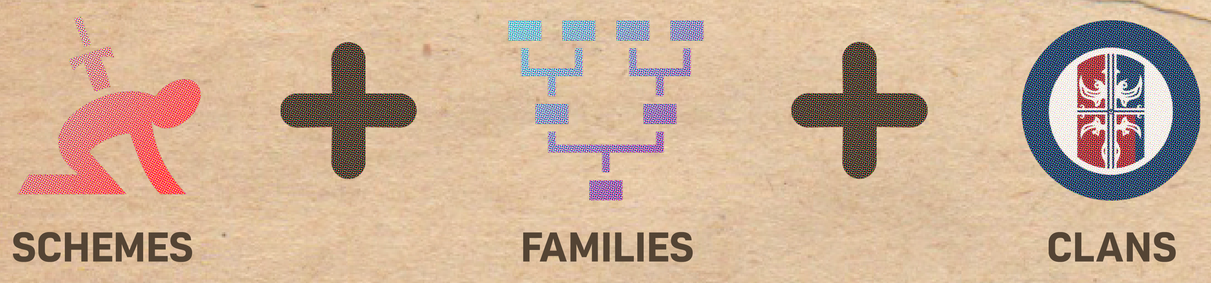

- Watch the Tutorial series on YouTube.
- Play the scene in the Demo folder.
- Play the scene in the Example folder.

How to use?

- Tutorial series & Wiki: Tools → Nullframes → Intrigues
- Wiki: https://wlabsocks.com/wiki

Need Help?

- wlabsocks@gmail.com

With Intrigues, you can create AAA-quality interactive fictions with multiple introductions, developments, and conclusions without requiring any code.

Every choice, variable, or chance can be a determining factor in the progression of your story. It's a comprehensive, robust solution that includes a visual node-based editor, UIs, families, clans, cultures, policies, roles, save/load features, and more.

Intrigues' core structure is highly compatible with integrating into your project or other assets. No scripting required. Complete C# source included.

Give your skin that

Glow Of Beauty

You'll see a lovely difference in your face instantly - when you "blush-cleanse" with silky soft pond's Cold Cream. The special demulcent action of pond's Cold Cream helps free your skin from beauty-clouding dirt.
